STEP 1

Click on DEV CONSOLE

STEP 2

Click on Login with GitHub

 **GitHub**

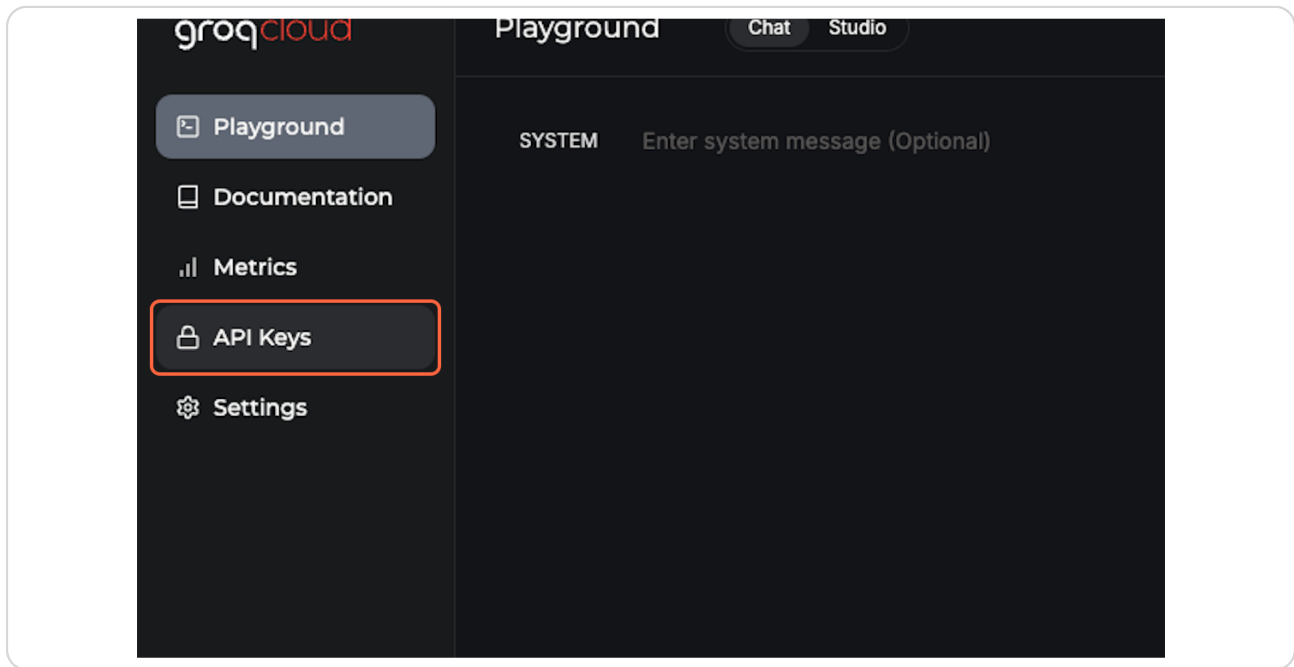

0 Steps [↗](#)

9 **GroqCloud**

6 Steps [↗](#)

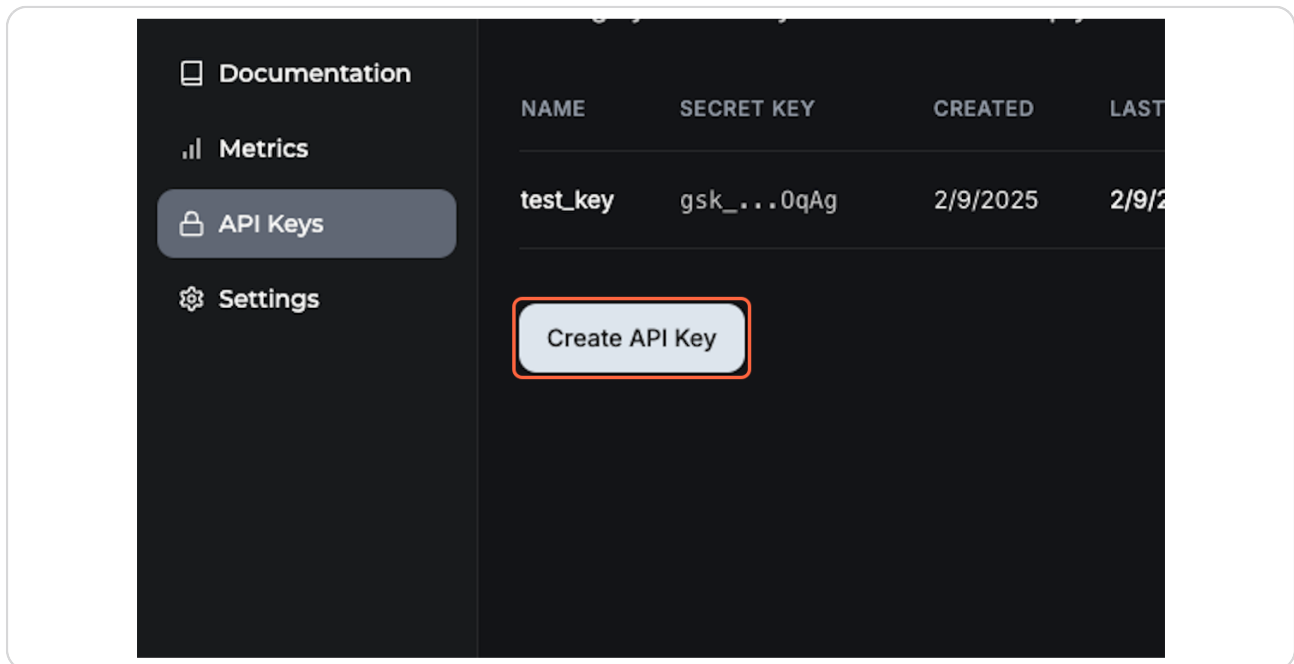

STEP 3

Click on API Keys

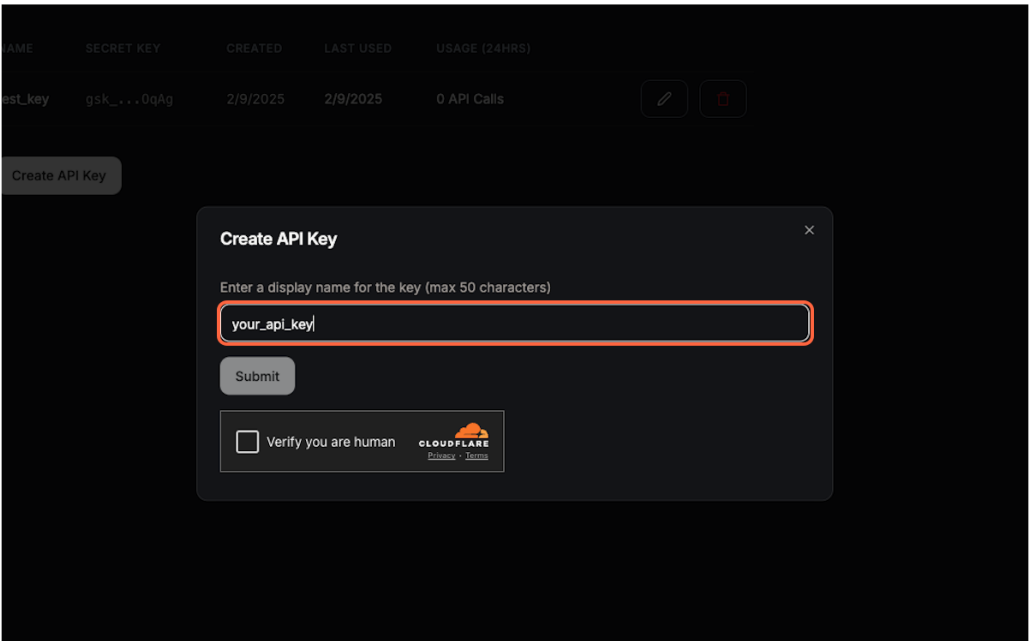

STEP 4

Click on Create API Key

STEP 5

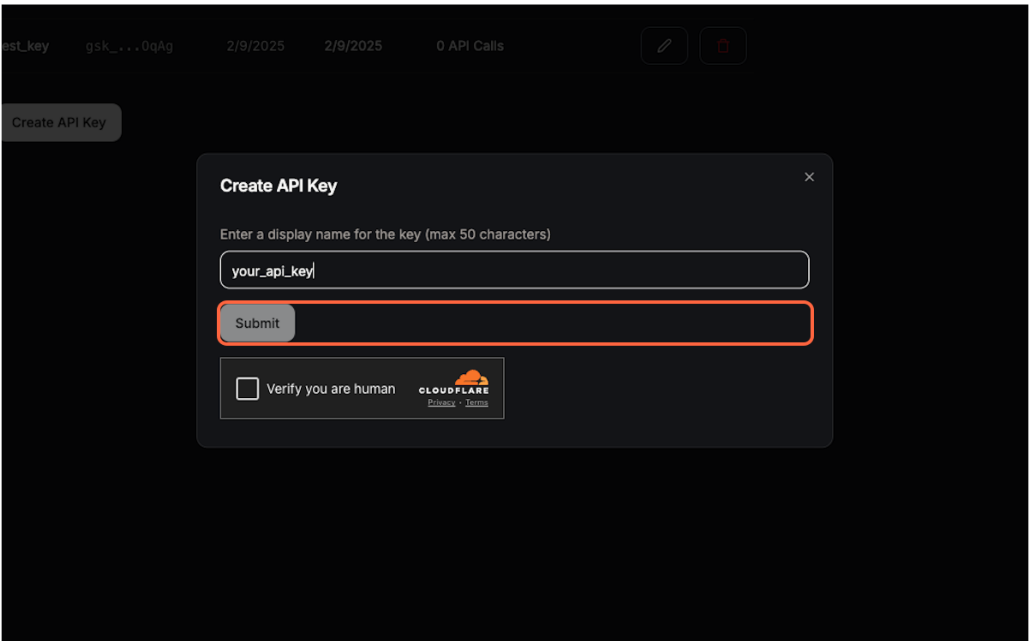

Type "your_api_key"

The screenshot shows the Cloudflare dashboard with a table of API keys. The table has columns for NAME, SECRET KEY, CREATED, LAST USED, and USAGE (24HRS). A row is visible with the name 'est_key' and a secret key starting with 'gsk_'. Below the table is a 'Create API Key' button. A modal titled 'Create API Key' is open, prompting the user to 'Enter a display name for the key (max 50 characters)'. The text 'your_api_key' is entered in the input field, which is highlighted with a red border. Below the input field is a 'Submit' button. At the bottom of the modal, there is a checkbox for 'Verify you are human' and the Cloudflare logo with links to 'Privacy' and 'Terms'.

STEP 6

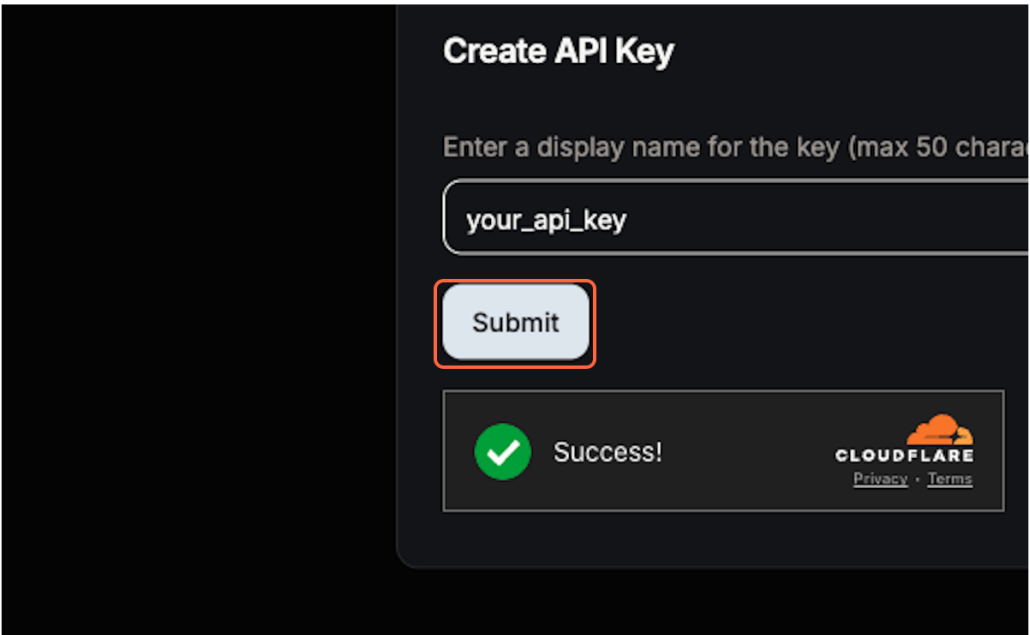

Click on Create API Key...

This screenshot is identical to the one in Step 5, showing the 'Create API Key' modal with 'your_api_key' entered. However, in this step, the 'Submit' button is highlighted with a red border, indicating the next action to be taken.

STEP 7

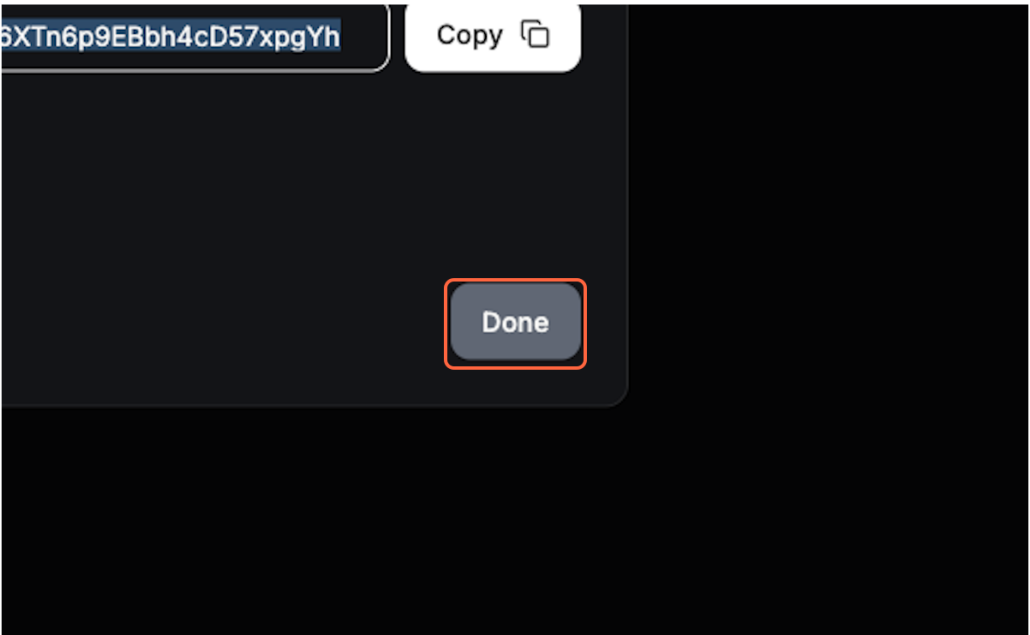

Click on Submit

The screenshot shows the 'Create API Key' form on a dark background. At the top, the title 'Create API Key' is displayed. Below it, a text prompt says 'Enter a display name for the key (max 50 characters)'. A text input field contains the value 'your_api_key'. Below the input field is a 'Submit' button, which is highlighted with a red rectangular border. At the bottom of the form, there is a success message area containing a green checkmark icon, the text 'Success!', and the Cloudflare logo with links for 'Privacy' and 'Terms'.

STEP 8

Click on Done

The screenshot shows the confirmation screen for the newly created API key. At the top, the API key '6XTn6p9EBbh4cD57xpgYh' is displayed in a text field, with a 'Copy' button and a clipboard icon to its right. Below this, a 'Done' button is highlighted with a red rectangular border. The background is dark and minimalist.
